Friday 13th May 2016

Dear Parents/carers,

To celebrate Leicester City's triumphant achievements this season and in preparation for the parade, we are planning a celebratory event this coming Monday (16th May).

This is primarily meant to be a fun, celebratory day in order for the children to appreciate the city's achievements. Children will be taking part in a range of activities throughout the day based around the question: What makes Leicester special?

At the end of the day there will be a balloon release, where one children from each class will be selected to go onto the field and release a balloon. We will then hold a competition to see which balloon has travelled the greatest distance from our great city.

As part of the event, we are asking children to come dressed as something that represents Leicester. This could be a famous or historical person, a sporting team or anything else that represents Leicester to them. There will be a small prize for the best and most original costumes.

Many Thanks

Lucy Boulger and Dan Caldwell
Year 3/4 & year 5/6 phase leaders
