24<sup>th</sup> February 2026

Dear Parents/Carers,

We are delighted to inform you that pupils in **Year 3** and **Year 4** will be visiting the **Magna Science Adventure Centre** as part of our Science curriculum this year. This exciting educational trip will take place on **Wednesday 6<sup>th</sup> May**, and the cost will only be **£15 per pupil**.

During the visit, children will have the opportunity to explore Magna's four interactive pavilions—Air, Earth, Fire and Water—each designed to bring scientific concepts to life through hands-on discovery. These immersive zones will allow pupils to deepen their understanding of forces, materials, states of matter, and the natural world in a way that goes far beyond the classroom.

In addition, pupils will take part in an engaging science workshop, led by Magna's specialist educators. This workshop will give them the chance to apply their learning, investigate scientific ideas through practical activities, and build key skills such as questioning, observing and experimenting.

We believe this trip will significantly enhance our Science curriculum by providing memorable, real-world experiences that support the topics we are covering this year.

If you have any questions, please do not hesitate to contact us.

Please note:

- **If we do not receive sufficient interest, the trip will not proceed. Please pay on Arbor.**

Warm regards,

Mrs Vernon, Mrs Bowring and Mr Rodriguez  
Year 3 & Year 4 Teachers
